

Position Available: TIG Welder

Site: North Sioux City, South Dakota

Contact: please submit your resume to [wytec-hr@wytecservices.com](mailto:wyttec-hr@wytecservices.com)

Job Summary:

Wytec LLC, a high-growth manufacturing company serving the Biomedical Research community is currently seeking a professional, hard-working, and reliable, full-time TIG welder to join our team.

The ideal candidate will thrive in a fast-paced, hard-working environment with the potential to grow with our company. The TIG welder will play a critical role in the operations department by fabricating and producing products, along with working on other strategic initiatives with maintenance and automation.

Essential Duties:

- Read blueprints and drawings and take or read measurements to plan layout and procedures
- Determine the appropriate welding equipment or method based on requirements
- Set up components for welding according to specifications (e.g. cut material with powered saws to match measurements)
- Operate angle grinders to prepare the parts that must be welded
- Align components using calipers, rulers etc. and clamp pieces
- Weld components using manual or semi-automatic welding equipment in various positions (vertical, horizontal, or overhead)
- Repair machinery and other components by welding pieces and filling gaps
- Test and inspect welded surfaces and structure to discover flaws
- Maintain equipment in a condition that does not compromise safety

Required Education and Experience:

- High School Diploma or GED
- Experience using a variety of welding equipment and procedures (TIG, MMA etc.)

- Experience in using electrical or manual tools (saws, squares, calipers etc.)
- Ability to read and interpret technical documents and drawings
- Knowledge of relative safety standards and willingness to use protective clothing (face-shield, gloves etc.)
- Deftness and attention to detail
- Proficient in English
- Professional Certification (e.g. an AWS welding certificate) will be a plus
