

Position Available: Inventory Cycle Counter

Site: North Sioux City, South Dakota

Contact: please submit your resume to wytec-hr@wytecservices.com

Job Summary:

Wytec LLC, a high-growth manufacturing company serving the Biomedical Research community is currently seeking a professional, hard-working, and reliable, full-time Inventory Cycle Counter to join our team. We will provide on the job training for the right candidate.

The ideal candidate will thrive in a fast-paced, hard-working environment with the potential to grow with our company. Inventory and warehouse employees play a critical role in the operations department by controlling the quality of the products and processes that support our client base. Please submit your resume if you meet the requirements below.

Essential Duties:

- Cycle count materials based on the “ABC” groupings, which will be monitored and calculated in inventory accuracy %
- Work with planning team to expand ABC list to include high risk materials to be counted and changed to more frequent counts
- Research discrepancies and submit accurate inventory and bin location reports
- Assist in determining root causes on inventory discrepancies and help implement corrective actions to eliminate repetitive errors
- Responsible for responding to “special count” requests
- Utilize lift equipment to safety pull material for counts and reposition in storage racking and other storage means
- Always follow all safety rules and regulations

Required Education and Experience:

- High School Diploma or GED
- 4+ years of warehouse experience (preferred)
- Ability to squat, sit, stand, walk, reach daily, and lift up to 50lbs
- Must be able to work in a fast-paced, team-oriented environment
- Perform different job functions within the organizations warehouse department
- Follow procedures, best practices, and report unsafe and unprofessional behavior

- Work well as individual contributor
